WHAT CANADA HAS DONE TOWARD WINNING THE WAR

First Prize Essay Written by Gladys White, Oyen, for Agricultural Fair

When on August the fourth, nineteen hundred and fifteen England declared war on Germany all of the colonies gladly came to the aid of the motherland and the rescue of helpless but brave little Belgium.

The assistance given by Indian, New Zealand and Australia was great and welcome, but the help from Canada was most acceptable.

The war was a proof of Canada's love for Britain. Her people were eager to take part in the struggle. The Dominion government offered to raise a force of twenty thousand men, within a week forty thousand had nobly volunteered ready to make the supreme sacrifice for king and country's sake. Seven weeks after the war was declared thirty-three thousand Canadian soldiers were crossing the ocean eager to do no less for their country's sake.

Canada had raised a force of four hundred and fifty thousand men that draft had to be resorted to.

That war season of nineteen fourteen and nineteen fifteen the Canadian troops passed Salisbury Plains they crossed over to France, where they became Canada's pride and the dread of the enemy for their daring and bravery had some become known. Among the engagements in which they took an honored part were Neuve Chapelle, St. Julien, Langle, Somme, Vimy Ridge, Passchendaele, Festubert, and the first and second battles of the Somme. At the battle of St. Julien the cowardly foe first used poison gas and although outnumbered four to one the Canadians determinedly held the line and saved Canada that important key to the sea and the United Kingdom.

At Vimy Ridge the Canadians captured the heights which the Germans had held since nineteen fourteen, and in which the French had lost a hundred thousand men in trying to take them. The Canadian soldiers played a large part in the winning of the war. Many factories were turned into munitions to supply our soldiers with the needed ammunition. Almost every city had its munition factories in which were employed hundreds of people.

The Red Cross Society we regard as necessary to the successful ending of the war. This society is a great enlargement of that first formed by Florence Nightingale. While it has its hospitals, its nurses, and its ambulances busy at the front, the people at home were hard at work in its service. Donations of money were given to the Red Cross, the women of Canada knitted stockings which were sent to the soldiers through the Red Cross.

The people of Canada were very liberal in their donations to the country in need. Various societies and individuals donated bandages and other supplies to the Red Cross. Mr. P. Burns, of Calgary, and others bought machine guns and presented them to the government.

Here sums of money were needed to carry on this war to raise the funds the government introduced the buyings of Victory Bonds, by which people could lend the government sums of money over twenty-five dollars at good rate of interest. This was a splendid investment for the people and a powerful aid to our country. During the war the Kaiser threatened by his U-boat campaign to starve England, in which attempt he failed. Great Britain is the world's greatest manufacturing nation, but depends largely on the colonies for foodstuffs. At the beginning of the war each of the provinces gave a generous present and the Dominion voted a million bags of flour. All through the war Canada continued to supply England with flour, fish, pork, beef, butter, cheese and other foods too numerous to mention.

Although Canada is a land of plenty, Mr. Hanna was appointed food controller and every precaution was taken to avoid a food shortage for England and our soldiers had to be supplied with food. War flour came into use and the Tuesdays and Fridays of the year declared fast days.

On November the eleventh, nineteen-hundred and nineteen was signed bringing all hostilities to an end. Although the war is over and the work of the Peace Conference at Paris is nearly completed there is a war debt of nearly two billion dollars to be paid. The government has already raised the sum of one billion four hundred million dollars by the Victory loans. The government has now a system of borrowing money in small amounts so

that every person can lend money. This is the War Saving Stamp method by purchasing thirty stamps, each worth twenty-five cents; sixteen of these stamps is a war savings stamp which now cost fifteen cents but worth fifty dollars in nineteen twenty-two. Both the Canadian soldiers and citizens played a vital part in the war is clearly seen.

Put something by for a sunny day!

WHEN the horizon brightens with an opportunity that may lead to your success and prosperity, do not let it find you unready to take it on.

Through lack of capital, many men have been forced to see their opportunities pass—in many cases all that was required was a very small sum to invest.

A few dollars saved each week or month, deposited to your credit in a savings account at The Bank of Toronto, with the interest it earns, will soon accumulate to a substantial sum. Have it ready when the call comes for your venture.

Department of Agriculture Supplying Rye Seed

The farmers of Southern Al-
berta whose crops have been
reduced by drought will be glad
to know that the Department
of Agriculture is making pro-
visions for Fall Rye Seed in the
same way as advances of seed
grain were made last spring.
The department is looking after
the unorganized areas while
the Municipal Department is
authorizing action on the part
of municipalities in the same
way as was done last spring. A
maximum of twenty five
bushels of seed can be secured.
Those who can afford to pre-
purchase this seed can do business
directly with the Dominion
Seed Branch at Calgary with-
out the assistance of the De-
partment of Agriculture or
municipalities. Others who re-
quire credit can secure their
seed through the Seed Branch
at Edmonton. The Depart-
ment of Agriculture takes a
note which runs until Novem-
ber 1st, 1920. The note is pro-
tected by a lien on the land.
The price of the seed is \$2.20
per bushel. The furnishing of
this seed is subject to the hold-
ing out of the supply at the
Dominion Seed Branch at Cal-
gary.

Normal Schools Open Later

On July first the reciprocal
arrangement between the four
Western provinces for the
recognition of teachers' certifi-
cates came into effect. Now
teachers trained in any of these
provinces receive similar stand-
ing in the others. This has
resulted in a getting together
of those responsible for the
teacher-training policies of the
various provinces. In a gen-
eral way standardization has
taken place in the length of the
training required for the
various certificates the content
of the courses and the basis of
admission. Hereafter, in all the
provinces the period of training
will be eight months.

There are two Normal Schools
in Alberta. One at Camrose
and the other at Calgary.
Both have good buildings and
are well staffed. The courses
offered are broadly cultural as
well as vocational, and are well
worth while aside altogether
from the certificates to which
they lead. It is estimated that
the additional four months will
increase the cost by about one-
half, that is that the total ex-
pense, exclusive of clothing
will run from \$875.00 to \$450.00.

Enrolment for the next
session of the Normal Schools
which opens on September 2nd
is now taking place. All in-
quiries concerning admission
should be addressed to the
Deputy Minister, Department
of Education, Edmonton, and
those concerning living accom-
modations to the Principals at
the Schools.

If it troubles with headaches, puckering of the forehead or
any other irregularity of the head. The chances are the
trouble lies in the eyes. We'll examine them and if needed
will supply glasses which used now will save a lot of
trouble later on.

The Heart of Humanity

With the opening of the doors of the Opera House on Thursday, August 28th the people of Oyen will be treated to its first view of the mammoth screen production "The Heart of Humanity". It is the first time in history that a picture of this magnitude has been devoted entirely to a Canadian subject. It was conceived and produced with a great love for the men and women of Canada and upon completion its author dedicated the picture to the Mothers of Canada. The action covers a period of five years, taking its characters from their homes on the Athabasca River bringing them through a period of hope and love, suffering and sorrow to a beautiful conclusion in which the spreading dawn of a happier tomorrow enfolds them in a great and lasting security and peace. An elaborate musical score, presented by a Symphony orchestra will greatly enhance the beauty and appeal of the picture.

Owing to lack of space the minutes of the last meeting of the M. D. of Golden Centre will be held over till next issue.

Mr. Robt. Smith, manager of the Oyen News, left on Sunday morning for a business trip to Verwood, Sask. He expects to return about the end of the present week.

Read the Opera House advertisement on page five. The colossal picture production, "The Heart of Humanity" will positively appear at the Oyen Opera House for two nights, Thursday, Aug. 28th and Friday, Aug. 29th.

Rev. Jos. Woodsworth officiated on Wednesday, Aug. 6th at Buffalo Lake at the marriage of E. S. Sarvis, medical student Edmonton, formerly of Acadia Valley to Dorothy Souche of the Alberta College, Edmonton, and daughter of Mr. and Mrs. J. E. Souche, Stettler.

On Saturday afternoon Aug. 10th, the third meeting of the Junior U. F. W. A. was held at the home of Miss Walker. The members now number twelve and are alive to the opportunities opening before them. The next meeting will be held at the home of Miss Gladys White on Saturday Aug. 30th. At which meeting all members are requested to be present when sewing for a needy family will be the principal work of the afternoon. Please bring needle thread and thimble.

Auton Hillman, of Compeer, was fined \$500 and costs for having an illicit still in his possession, and an associate was fined \$100 and costs for having intoxicating liquor. The capture of this still in the middle of a quarter section on the Saskatchewan boundary was one of the most exciting feats of B. Division of the A. P. P. The Neutral Hills Stampede serving as a cover for the night raid.—Red Deer Advocate.

Carl Lemke is Liberated

It is not the lot of many men to be fined fifty bucks and get a two-months goal sentence for taking a lady to church, but Carl seems to be unfortunate.

After the sentence had been passed on him two weeks ago his friends got busy and their endeavours to get the sentence quashed were crowned with success. He was liberated from the Lethbridge goal on Monday.

It seems to us a deplorable thing that a grave miscarriage of justice as was handed out to Carl Lemke, should be possible. We trust, however, that in spite of a needless call on his finances and some physical inconvenience suffered by him that he will not lose the habit of going to church.
